Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The Pony Games Book Volume II eliminates the instructor s need to nag by using the excitement of games to create an alert and engaged mental state in the rider. Most of the games can be played for 5-10 minutes without stopping, enabling riders to build muscle-memory and stamina. Included in the book are diagrams of nearly 40 patterns that can be used in addition to simple rail work. Most of the games are call-and-response style designed to deliberately distract students so they can learn to think and ride at the same time. The quick pace of the games helps horses and riders to stay focused while learning to manage spacing, pace, and steering.
