

The Actuator: Fractured Earth

By Aiden James

Curiosity Quills Press. Paperback. Condition: New. 274 pages. Dimensions: 9.0in. x 6.0in. x 0.6in. Praise for The Actuator: Fractured Earth: A tale of a world with a machine, The Actuator, that can create different realities from peoples imaginations. The Actuator has been sabotaged and these imaginary worlds have escaped the machines confines and are replacing the reality of Earth with worlds of aliens, vampires, pirates and others. Those who survived the initial effects and who understand whats going on must travel thru these various worlds to find the keys to transform Earth back to one normal reality. I found the premise interesting and the story intriguing. Wymore and James have combined two of my favorite genres, science fiction and fantasy, shaken them up, thrown in a couple of pretty cool heroes and left me waiting for the next in the series! -Pat Z. (NGMA Books) About the Book: On a secret military base tucked in a remote desert mountain, a dangerous machine lies hidden from the American public. Known as The Actuator, this machine is capable of transforming entire communities into alternate realities. In theory, these often terrifying realities are reversible. The scientists in charge of this machine employ operatives called Machine...
