FANTASTIC FRACTOIDS: A COLORING BOOK FOR MINDFUL ADULTS (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Color a few fractoids to release your inner chaos and practice mindfulness. Fractoids are distorted fractals. Original works by J. A. Lateer, a Midwestern artist new to the coloring book scene, fractoids are the embodiment of the chaos resulting from a dynamic brain. Mindfulness is being rather than doing. It uses breathing as a tool to help focus your attention and start tuning into the feel of it. This book can help you live in the present moment by focusing, non-judgmentally, on the designs while meditating on quotes from John Kabat-Zinn, founder of mindfulness. So take a deep breath, feel the colors, trust your hand to select the right and perfect color at the right time, and go with the flow.
