Islandport Press, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book. Using in-depth records from his family s hunting journal, including photographs and letters dating back to the 1800s and a detailed camp register from 1936 to the present, Ghost Buck draws on the long history of noted environmentalist and hunter, Dean Bennett s extended family, beginning with his beloved grandfather, and tells of the changes that have affected hunting and the landscape in western Maine since his boyhood. Combining his skills as an illustrator and storyteller, Bennett skillfully weaves memoir, natural history, politics, and hope into a volume chock-full of information about hunting in a changing world. This is not a book about how to hunt, nor is it a defense of hunting as an issue, but rather a paeon to the the traditions of a family and a rura and nature-centric lifestyle that will ring true to hunters and non-hunters alike. Illustrated throughout with black-and-white photographs and line drawings by the author. Foreword by Robert Kimber.
