Reviews

This is the finest book i have got go through right up until now. I have got read and i also am confident that i am going to planning to read once again yet again in the future. You will not truly feel monotony at at any time of the time (that's what catalogs are for about if you check with me).

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Have you ever wondered what those odd sounding scientific names actually mean? AQUATICAL-LATIN takes a look at the etymology (the meaning) of the names of around 950 species of the most common tropical marine fishes in the aquarium hobby. In addition to being an etymological dictionary of species and genus names AQUATICAL-LATIN looks at subjects such as taxonomy, explains all about scientific names, and includes a handy guide to how these sometimes peculiar looking names should be pronounced. The perfect gift for the curious aquarist, a useful tool for public aquariums, academics, and an indispensable addition to any aquarist s library. AQUATICAL-LATIN is a unique book, it is the only available general etymological work on fishes. Extensively researched and well referenced.
