SILENT HEROES: DOWNED AIRMEN AND THE FRENCH UNDERGROUND (PAPERBACK)

The University Press of Kentucky, United States, 2009. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. In the early years of World War II, it was an amazing feat for an Allied airman shot down over occupied Europe to make it back to England. By 1943, however, pilots and crew members, supplied with escape kits, knew they had a 50 percent chance of evading capture and returning home. An estimated 12,000 French civilians helped make this possible. More than 5,000 airmen, many of them American, successfully travelled along escape lines organised much like those of the U.S. Underground Railroad, using secret codes and stopping in safe houses. If caught, they risked internment in a POW camp. But the French, Belgian, and Dutch civilians who aided them risked torture and even death. Sherri Ottis writes candidly about the pilots and crewmen who walked out of occupied Europe, as well as the British intelligence agency in charge of Escape and Evasion. But her main focus is on the helpers, those patriots who have been all but ignored in English-language books and journals. To research their stories, Ottis hiked the Pyrenees and interviewed many of the survivors. She tells of the extreme difficulty they had in avoiding Nazi infiltration by double agents; of their creativity in hiding evaders in their homes, sometimes in the midst of unexpected searches; of their generosity in sharing their meagre food supplies during wartime; and of their unflagging spirit and courage in the face of a war fought on a very personal level.
