Xulon Press, United States, 2011. Paperback. Book Condition: New. 198 x 122 mm. Language: English . Brand New Book ***** Print on Demand *****.My father was a truck driver during my school days, and I learned to drive 18 wheelers during high school. During my college days I continued driving to support my schooling. During the summers I worked on my uncle s farm in the black dirt of central Iowa and learned to make things which would make it easier to do things around the farm. It was during this time that I accepted the Lord as my Savior at age sixteen at a Billy Graham meeting in Rockwell City, Iowa.After High School I wrestled with the decision whether to go into the ministry or use my idea-design talent, which I had developed during my time on the farm. After many hours of meditation on the situation, I decided to go to South Dakota State University to become a Mechanical Engineer. After graduation, I became a design engineer; designing air tools, material-handling equipment, and quality-control equipment for several companies.During my time in Michigan I received the baptism of the Holy Spirit with the evidence of in tongues. After 30 years of being part of the engineering community I retired and went to teaching in churches with much energy spent in the area of spiritual warfare. Two different pastors requested that I leave their church because of my desire to continue in Spiritual Warfare. That is what bought about my writing this manuscript. It is my feeling that we have taken a soft approach to this topic.
