JAMES TURRELL: A RETROSPECTIVE

Prestel USA. Hardcover. Book Condition: New. Hardcover. 304 pages. Dimensions: 12.1in. x 10.1in. x 1.6in. Copublished with the Los Angeles County Museum of Art for the major touring retrospective and concurrent exhibitions at the Solomon R. Guggenheim Museum, New York and The Museum of Fine Arts, Houston, this comprehensive volume illuminates the origins and motivations of James Turrells incredibly diverse and exciting body of work--from his Mendota studio days to his monumental work-in-progress Roden Crater. Whether hes projecting shapes on a flat wall or into the corner of a gallery space, James Turrell is perpetually asking us to go inside and greet the light--evoking his Quaker upbringing. In fact, all of Turrells work has been influenced by his life experiences with aviation, science, and psychology, and as a key player in Los Angeless exploding art scene of the 1960s. Enhanced by thoughtful essays and an illuminating interview with the artist, this monograph explores every aspect of Turrells career to date--from his early geometric light projections, prints, and drawings, through his installations exploring sensory deprivation and seemingly unmodulated fields of colored light, to recent two-dimensional experiments with holograms. It also features an in-depth look at Roden Crater, a site-specific intervention into the landscape near Flagstaff, Arizona, which will be presented through models, plans, photographs, and drawings. Fans of this highly influential artist will find much to savor in this wide-ranging and beautiful book, featuring specially commissioned new photography by Florian Holzherr. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Hardcover.
