Advanced Film and Video Production is a practical approach to the art of filmmaking from beginning to final release print or video master. The text begins with simple productions designed to teach you the basics while establishing professional production standards and moving on to more complicated projects. From writing your first script to final edited master, the topics include camera techniques, working with actors, professional lighting, recording and mixing sound, editing, professional directing, blocking a scene with actors and crew, conducting yourself in a professional film environment. Areas discussed include Producing commercials in a local market, making a music video, documentaries, professional script writing of dramatic stories, handling clients, promotional videos, advanced editing techniques including cutting on the beat and the rhythm of editing. The 300 page textbook of 30 chapters is suited for both senior high school and college level curriculum. Each chapter ends with class assignments designed to give each student a hands on experience. This textbook is now available for anyone to purchase so that if you do not have the benefit of attending a college or high school course, you now can follow this text to teach yourself the art of filmmaking. Because the author worked on countless Hollywood productions with some of the biggest names in the business, it is stressed throughout the next the importance of conducting one s self as a professional so that when you work on a real Hollywood movie you will be ready to do your job and be considered a peer.
