The SMIT MAP experience

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | The SMIT MAP experience | Incremental innovation in biomedical devices is relatively straightforward. Product line gets upgraded to become smaller, faster, cheaper, etc but there s little fundamental change to underlying technologies, clinical procedures, health service provision, regulatory requirements, and so on. It is hard for a single centre to identify and capture the disruptive opportunities that arise at the interfaces between clinical procedures and research into medicine, biology, engineering, physics and...
