Welcome to the perfect study guide! This special edition contains edits specifically aimed at assisting readers in understanding the classic text, preparing students for examinations, or providing lesson plans for teachers. This book is ideal for readers in high school, college, or otherwise seeking an easier understanding of a classic text. Original additions include: - Lessons and activities designed to foster understanding at key points in the story and at critical chapters. - In-text notes immediately explaining difficult or archaic vocabulary, plot developments, and social concepts. - In-text summaries and reminders of major actions, plot points, and characters. - In-text rhetorical questions. - Sample essay questions at the end of each chapter. As an educator, I believe that older works of literature must be introduced into new generations. This belief has guided my editing of the original source material. Enjoy this classical piece of literature with an appreciation fostered by greater understanding and insight!.
