In the summer of 1778, with the war poised to turn in his favor, General George Washington desperately needed to know where the British would strike next. The British secret service tried to hunt them down, but they escaped by the closest of shaves thanks to their ciphers, dead drops, and invisible ink. Rose s thrilling narrative tells the unknown story of the Revolution the murderous intelligence war, gunrunning and kidnapping, defectors and executioners that has never appeared in the history...
