Lantern Publishing Ltd. Paperback. Book Condition: new. BRAND NEW, Leadership in Health and Social Care: An Introduction for Emerging Leaders, Louise Jones, Clare L. Bennett, From reviews: "I found this book to be an excellent read. My favourite part is at the end of each chapter where the authors very kindly give a chapter summary. I would say this, with learning outcomes for each chapter, is the reader's 'pot of gold' - and an excellent resource for students. The social and political stance of this text is sensitively weaved throughout, encouraging the wider thought processes of the reader. Images and illustrations provide a welcome and useful change to the traditional academic text, and I would recommend the book as an important reference resource for those starting on their leadership journey, or for those wanting to update. A well-informed, easy read that I will be recommending to our students to support their studies." The Biomedical Scientist, 2013: 70 (4) "This is an excellent book for anyone who is starting to take an interest in Leadership within their health or social care role. Overall, the book is clearly aimed at practitioners and should be a 'must-read' for those who wish to understand more about practical leadership and who aspire to more senior positions within their field of practice." Lecturer, Staffordshire University Faculty of Health Sciences Leadership in Health and Social Care is an accessible text for students and practitioners seeking to develop their leadership skills. "I commend this book to you as a 'way in' to the leadership world for anyone working in health and social care. It treats you like an adult and expects you to take responsibility for your own leadership development. We now know that good leadership has a direct relationship with good services and we can certainly no longer afford..."
