

The Hidden Mickeys of Walt Disney World

By Kevin Neary, Susan Neary

Hyperion, United States, 2016. Paperback. Book Condition: New. 197 x 102 mm. Language: English . Brand New Book. So what exactly is a Hidden Mickey? Quite simply, it's an artistic representation of Mickey that was intentionally placed amid the architecture and design of the parks and resorts. Oftentimes it's the familiar three-circle shape of his ears and head. Other times it might be a profile of his face or a full-body silhouette. Walt Disney World Guests with keen eyes can tell you that Mickey pops up all over the resort, often in the most unexpected places. With this resortwide scavenger hunt, you'll be guided toward each Hidden Mickey, first with a general hint-if you're up for a challenge-and then with a very specific clue. It's so much search-and-find fun, you might forget about your FastPass reservation for Big Thunder Mountain Railroad!.

This book may be really worth a read through, and a lot better than other. It is really basic but excitement inside the 50 % in the pdf. I realized this pdf from my dad and i encouraged this publication to learn.
