

Growing Up with Epilepsy: A Practical Guide for Parents (Paperback)

By Lynn Bennett Blackburn

Demos Medical Publishing, United States, 2003. Paperback. Condition: New. Language: English . Brand New Book. This book provides the tools you need to raise a child with Epilepsy, to support his/her social development, provide effective discipline and negotiate the educational system. Each stage in your child's life presents unique issues and problems, ranging from finding day care to school programming to driving. This book is organised so that you can go to the information you need when you need it, returning for updates as your child grows and new issues emerge. In her 20 years of working with children with Epilepsy, Dr Blackburn has been continually impressed by the fact that no two children with Epilepsy are the same. Each child and each family has unique needs. Because of this, she works with a team. The unique talents of each team member let the group meet the unique needs of each patient. This book will help you build the resource team for your child. In addition to providing you with basic tools, the book identifies resources, places you can contact, additional materials you can read, and the kinds of professionals that may be in your community to help you and your...

Reviews

A top quality publication along with the font used was intriguing to read. I really could comprehend everything using this written e book. Its been designed in an remarkably straightforward way and it is only after i finished reading through this publication by which basically altered me, modify the way i believe.

-- Cathrine Larkin Sr.

Very useful to all of group of people. I actually have read through and so i am certain that i will planning to study yet again once again down the road. I am just very easily can get a satisfaction of looking at a created book.
