The Maths Money Problems series addresses the perennial demand from teachers for problem-solving activities involving money. The using and applying strand of the new framework specifically refers to the need for children to solve problems involving money e.g. in Year 2 children are expected to solve problems involving counting, adding, subtracting, doubling or halving in the context of numbers, measures or money, for example to pay and give change. Each book is accompanied by a CD-ROM containing worksheets which can be printed out, photocopied, or displayed on a whiteboard.
