Invisible HelpersAndThe life after deathAnd How Theosophy Unveils It(2 Books)BOOK ONE:INVISIBLE HELPERSIt is one of the most beautiful characteristics of Theosophy that it gives back to people in a more rational form everything which was really useful and helpful to them in the religions which they have outgrown. Many who have broken through the chrysalis of blind faith, and mounted on the wings of reason and intuition to the freer, nobler mental life of more exalted levels, nevertheless feel that in the process of this glorious gain a something has been lost - that in giving up the beliefs of their childhood they have also cast aside much of the beauty and the poetry of life.BOOK TWOThe life after deathAnd How Theosophy Unveils ItThis subject of life after death is one of great interest to all of us, not only because we ourselves must certainly one day die, but far more because there can scarcely be any one among us, except perhaps the very young, who has not lost (as we call it) by death some one or more of those who are near and dear to us. So if there be any information available with regard to the life after death, we are naturally very anxious to have it.
