Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.I am one of among 14-17 million unemployed individuals living in the United States. My story, How to be Resourceful in a Down Economy, summarized in approximately 31,000, word text, my 15 years of real estate investing and mortgage banking expertise. I speak most assuredly about my personal life experience with emphasis in building relationships. There are over 1.2 million foreclosed properties in the United States and the numbers are rapidly increasing. Real estate is no longer a rich man s hobby. For instance, in the state of Michigan you can purchase a single family residence for \$1.00. Not only am I author, but currently residing in one of the fixer uppers which I purchased from my unemployment check. For two years, I ve lived in this property in Detroit Michigan. Indeed, real estate can produce income from resale, refinancing and renting. My book provides impetus for those unemployed to return to the workforce, yet, call the shots. I m not suggesting any magic formulas, neither 10 easy steps to prosperity nor get rich schemes, just good ole fashioned perseverance and allot of sweat equity. So roll up your sleeves and let s get dirty!.
