

Modern Security Analysis: Simple Effective

Filesize: 9.15 MB

Reviews

This composed ebook is wonderful. It really is written in basic words rather than hard to understand. You may like the way the writer compose this pdf.
(Ryder Nolan)

MODERN SECURITY ANALYSIS: SIMPLE EFFECTIVE

DOWNLOAD

CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 274 pages. Dimensions: 9.0in. x 6.0in. x 0.6in. This book is modern (as of 2015) compared to similar books written 20 years ago. At that time, they did not have free internet sites providing all kind of financial ratios such as PE. The need to examine the financial statements is substantially reduced. The 1 billion earnings do not tell you much, but the PE and other fundamental metrics that are readily available to you via many free websites. In addition, they did not have technical analysis (or charts) to detect market plunges. We have lost an average of 45 in the last two market plunges and hence buy-and-hold is not a good strategy since 2000. This book uses simple techniques with or without charts to detect market plunges that work for the last two major ones. We do have our challenges. Sometimes we are overloaded with information. Some articles in the free web sites are written with hidden agenda that could cost you lots of money. We need to select the relevant data and ignore traps and garbage. I make it easy by splitting this book into two parts: Basic and Advanced (from Chapter 16 and on). Even for the basic I try to implement the advanced concepts using simple and free information from the internet. Even if you are an advanced investor, try to glance it through the first part to review anything you may have missed. This book helps someone looking for simple but profitable strategies in investing. The swing strategy only takes about half an hour a month to monitor the market and decide what stocks to buy and sell. I select finviz. com, a free financial site for most of my investing techniques and...
