Oliver Sacks: 25 Life Changing Lessons that Will Inspire You Oliver Sacks was a British neurologist and author who spent his professional life in United States of America. He believed he was a sentient being, a thinking animal on this beautiful planet and that itself was a privilege and adventure for him. He was a neurologist, prolific writer, a lover of life. He inspired many to equate scientific rationality with human empathy, inspired the scientists wanting to write about their profession to write, like he successfully did. He pursued his scientific writing with a clear sense of humanity. This eBook will provide you an insight into his life, his books and the way he led his life and inspired others to lead.
