**MEDICINE AT THE THRESHOLD: OF A NEW CONSCIOUSNESS (2ND REVISED EDITION)****DOWNLOAD**

Temple Lodge Publishing. Paperback. Book Condition: new. BRAND NEW, Medicine at the Threshold: of a New Consciousness (2nd Revised edition), Michaela Glockler, Despite dramatic advances in recent decades, medicine - like many other scientific disciplines - is prone to materialistic tendencies, viewing the human being as little more than a biological machine that can be manipulated with 'interventions' and drugs. In this collection of challenging lectures, Dr Glockler asks if a new science of healing can be developed today - a discipline that allows for realities of soul and spirit. With humanity standing at the threshold of a new spiritual consciousness, this question becomes increasingly relevant. Michaela Glockler speaks on themes relating to the esoteric path of spiritual development and its therapeutic task for the individual and community. Giving an account of the evolution of the ancient mysteries in relation to medicine, she discusses the application of inner work in outer action, reflecting on modern social and ethical issues such as organ transplantation and the termination of pregnancy. Whilst the author primarily addresses those involved in the healing professions, this book will be of interest to anybody concerned with a new science of the spirit.
