Reviews

These kinds of book is every little thing and made me looking forward and much more. I really could comprehend every little thing using this published e publication. I am just very happy to explain how this is basically the finest ebook we have read during my very own lifestyle and might be he greatest ebook for ever.

(Pascale Marvin II)

KNITTING BOOK

Dover Publications Inc., United States, 1978. Paperback. Book Condition: New. New edition. 213 x 137 mm. Language: English . Brand New Book. There is a knitting book as dependable as your own private instructor, as complete, as explicit, and equally as helpful . . . Mary Thomas s Knitting Book. It s a veritable encyclopedia of knitting, clearly and definitively explaining and illustrating every method, operation and stitch, and a good number of the patterns you are ever likely to need or use. After an engaging history of the craft and its implements, Miss Thomas carefully lays the foundation of knitting in the opening chapters how to hold needles, wind yarn, gauge stitches, control tension, etc. and builds gradually upon it in the following sections. These explain in lucid progression every operation in common knitting, from basic knit stitch and purl, casting on and casting off, shaping by decreases and increases to turning, triangular shapes and mitres, and knitting on the diagonal or bias. For the reader who has mastered these fundamental procedures, Miss Thomas devotes the remainder of the book to fancy knitting stitches and techniques, including color knitting by stranding and weaving; pattern weaving; knitting woven, by frame with its complement of stitches (plain, raised, rib, etc.), looped, beaded, embroidered by chart, using cross stitch, honeycomb, etc.; and making patterns for garments and working out their details (armholes, belts, buttonholes, collars, hems, necklines, pockets et al). To put what the reader learns into practice, she offers instructions and patterns for making various Shetland shawls, gloves, and socks. More than 250 technique diagrams clearly illustrate every operation and pattern as to position of hands, yarn, and needle, so the knitter will have no trouble in following along. For all knitters, whether beginner or adept, a chapter of helpful knitting hints on...
