Audible Studios on Brilliance, 2017. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. Notes from the Sick Room is an investigation into the connections between physical illness and creativity. Although there are a number of books investigating mental illness and creativity, there are very few that concentrate on physical illness - cancer, HIV, tuberculosis and disabilities caused by accidents. Incapacity provides time for contemplation and creativity, yet pain and discomfort detract from inspiration. Serious illness confronts the individual with the reality of death; the complacency of being is jolted by the shock of nonbeing. Does one record these incidences or ignore art in order to survive?.
