

Living in the Eighties

By -

Oxford University Press, USA. Paperback. Book Condition: New. Paperback. 240 pages. Dimensions: 9.2in. x 6.1in. x 0.4in. Some see the 1980s as a Golden Age, a Morning in America when Ronald Reagan revived America's economy, reoriented American politics, and restored Americans' faith in their country and in themselves. Others see the 1980s as a new Gilded Age, an era that was selfish, superficial, glitzy, greedy, divisive, and destructive. This multifaceted exploration of the 1980s brings together a variety of voices from different political persuasions, generations, and vantage points. The volume features work by Reagan critics and Reagan fans (including one of President Reagan's closest aides, Ed Meese), by historians who think the 1980s were a disastrous time, those who think it was a glorious time, and those who see both the blessings and the curses of the decade. Their essays examine everything from multiculturalism, Southern conservatism, and Reaganomics, to music culture, religion, crime, AIDS, and the city. A complex, thoughtful account of a watershed in our recent history, this volume will engage anyone interested in this pivotal decade. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.

Reviews

Merely no words to spell out. It is amongst the most awesome publication I have read. Your life span will likely be transformed as soon as you finish reading this book.

-- **Marvin Okuneva**

Completely among the best publications I have ever read. I have gone through it and so I am confident that I will likely read it again once more down the road. It is extremely difficult to leave it before concluding, once you begin to read the book.
