

A Syllabus of a Course of Lectures Upon Trigonometry; And the Application of Algebra to Geometry

Filesize: 4.47 MB

Reviews

Great e book and beneficial one. It is amongst the most awesome pdf i actually have read through. You wont feel monotony at at any time of your own time (that's what catalogs are for relating to if you request me).

(Dorothy Daugherty)

Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1833 Excerpt: .is commonly given. 52. The equation $ay^2+ay + cr^2+ = o$ (6), (suppressing the accents of r and y), may be transformed in all cases, in such a manner, that the term involving wy may be exterminated, by changing the direction of the rectangular axes (without altering the origin) through an angle θ , such that $\tan \theta = -\frac{a}{c}$. The transformed equation becomes (suppressing the accents of x and y), $ay + cV = 0$ (c), or $ia+cA/(a-c)^2+62Jy!!+lfa+C-v/(a-c)^2+6aa^2+=0(d)$. 53. If $4ac$ be greater than b^2 , the coefficients d and c must have the same algebraical sign, whether $+$ or $-$: if $4ac$ be less than b^2 , the coefficients a and c must have different algebraical signs, whether $+$ or $-$: if $4ac = b^2$, we have $c = 0$: but this is the case excepted above (Art. 50.), where the coefficients of the simple powers of x and y have not disappeared simultaneously; if $a = c$ and also $b = 0$, the value of 0 is indeterminate, and the general equation becomes that of a circle. 54. If the two transformations in Arts. 50. and 52. are made simultaneously, the values of θ , a and $\frac{1}{3}$ which result, will be the same as those determined: if the two transformations are effected in a contrary order, the value of θ will be the same as before, but the co-ordinates $(a, \frac{1}{3})$ of the new origin being referred to the new and not to the old axes, will...
