Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest eBook I have read during my very own daily life and could be the best eBook for possibly.

In the year since Zak Darke was approached by a shadowy government agency to become Agent 21, his world has changed completely. But there is no time to reflect on this - the undercover operations go on. Zak is sent to a port in west Africa, a known terrorist stronghold, under the guise of working on a charity volunteer project. But charity work could not be further from Zak's real mission - he must sneak onboard an enemy ship, gather information - and then destroy it. Never has Zak's training been more useful: Trust nobody.
