Not illustrated. 1909 Excerpt: . . . could get supplies in small quantities as needed, and yet, on account of the volume of business for the year be entitled to very nearly wholesale-order discount rates. A number of much-needed repairs to our transmission lines were made last summer. All the power wires in the Mechanical Engineering Building were installed in iron conduits, and the distribution system as a whole was overhauled. Nearly all the buildings are still without main service switches and adequate fuse protection. These should be provided as soon as possible. I recommend for your consideration the installation of incandescent lights at the portals of all the buildings, especially those of the Main, Civil Engineering, Domestic Science and Chemical Buildings, and at the fountain for illuminating the Campus. This plan will be cheaper than the use of arc lamps, and will serve the purpose admirably. The lights would be turned out by the night watchman at any desired hour. I recommend for your consideration also the installation of metallic filament lamps in all sockets not within easy reach of the students. Their use would increase our illumination and decrease the cost of energy. The use of clear lamps in the Chapel is very trying on the eyes, and spoils what otherwise is a very pleasant effect; frosted lamps only should be used in this room, and if Tungsten lamps were used the cost of energy per candle hour would show a decrease of fully 40 per cent. , or a decrease...
