Reviews

An exceptional ebook and also the typeface applied was intriguing to read through. I have got read and i also am sure that i am going to likely to go through yet again once more in the foreseeable future. I discovered this pdf from my dad and i advised this ebook to find out. (Dr. Raven Ledner)

QUICK EASY MEDICAL TERMINOLOGY

Elsevier - Health Sciences Division, United States, 2016. Spiral bound. Condition: New. 8th Revised edition. Language: English . Brand New Book. Read, write, and speak medical terms in no time with Leonard s Quick Easy Medical Terminology, 8th Edition. Ideal for one-semester courses and self-study, this clear, concise text covers disorders, diagnosis, and treatment with a strong focus on anatomy for an integrated discussion of each body system. Small bits of information are presented then immediately tested for comprehension using a combination of programmed and traditional review questions. With new case studies, terms, and photos, plus help from the companion Evolve site, Quick Easy Medical Terminology provides you with simple tools for good communication in the health care environment. Brief explanations and a focus on basic word-building skills make this text perfect for shorter, one- or two-credit medical terminology courses or self-study. Moderate anatomy and physiology coverage offers just the right amount of anatomical information to support the terminology presented. Programmed learning improves your comprehension by offering immediate feedback. Review exercises integrated throughout lesson material enable you to test your knowledge and retention of material more frequently for quick reinforcement. Medical reports with review exercises allow you to study terminology in documents similar to those seen in the clinical setting - and practice using terms in real-life situations. Quick Tips located throughout the text provide fun facts and memory aids. Student Evolve resources include games; activities; flash cards; animations, pharmacology, CAM, and genetics appendices; audio terms, and mobile quizzes and flash cards that offer additional opportunities to quickly gauge strong and weak areas in a fun, interactive environment. NEW! 14 additional case studies with exercises let you practice medical terminology in context. NEW! Elsevier s Adaptive Learning (EAL) updated to accompany the text and provide an engaging, interactive learning experience that transforms textbook information into lasting knowledge. NEW...
