

A Short Biography of the Scientist Sir Isaac Newton

By Doug West Ph D

Createspace, United States, 2015. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.The separation from his mother at an early age appears to have left a permanent scar on young Isaac Newton that seemed to have followed him through the rest of his life. He never married or had any children and had but a few close friends. He would work frantically for days on end, seemingly without food or rest, resting only when the creative spirit left him. However, the work of this ponderous man would have a profound effect on the world as we know it today. Sir Isaac Newton was an English physicist and mathematician, who was a prominent figure in the scientific revolution of the seventeenth century. In his study of optic, he discovered that white light is made up of different colored light. This laid the foundation for the modern field of physical optics. In the field of mechanics, his three laws of motion are the basis of principles of modern physics. This work resulted in the formation of the law of universal gravitation. In the area of mathematics, he was the original discoverer of...
