Classic horror and punk rock meet the Cthulhu Mythos. Someone, or something, wants Veronica's blood. With the help of their friends the rare book collector occult wars mercenary and the masked luchador repoman bounty hunter bouncer, Veronica and her bandmates in the Horribly Wrongs horror rock band must take the ultimate road trip to Hell from their home in the Phoenix wasteland and stop the Big Pharma madman who is creating *things* in a secret lab somewhere in the lost bayous of Louisiana. Can they make it out of Texas alive? What horrors await them? Are they ever going to release a new album? The intro to Got a Bad Case of the Horribly Wrongs is a standard classic horror tale of monster movies and rock n roll then hits you with a blistering chorus of biopunk body horror before crescendoing in an insanity-inducing ending of Lovecraftian nightmares. Features guest vocals by one of your favorite mad gods. This is the first novel in the Oblivion Hearts setting, a world based on the author's real encounters with Yog-Sothoth as detailed in the unholy book Astronomicon minore and is what inspired him to create the First United Church of Cthulhu - the only real and legally recognized nonprofit religious organization whose faith is based on the Cthulhu Mythos and the visions of our mad prophet H. P. Lovecraft. Find the church at FUCC.IT.
