MUSIC AND PROBABILITY (PAPERBACK)

MIT Press Ltd, United States, 2010. Paperback. Condition: New. Language: English . Brand New Book. Exploring the application of Bayesian probabilistic modeling techniques to musical issues, including the perception of key and meter. In Music and Probability, David Temperley explores issues in music perception and cognition from a probabilistic perspective. The application of probabilistic ideas to music has been pursued only sporadically over the past four decades, but the time is ripe, Temperley argues, for a reconsideration of how probabilities shape...
