Createspace Independent Publishing Platform, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Written in the decade before Freud s death, Civilization and Its Discontents may be his most famous and most brilliant work. It has been praised, dissected, lambasted, interpreted, and reinterpreted. Originally published in 1930, it seeks to answer several questions fundamental to human society and its organization: What influences led to the creation of civilization? Why and how did it come to be? What determines civilization s trajectory? Freud s theories on the effect of the knowledge of death on human existence and the birth of art are central to his work. In conducting this English edition the publisher has tried to use shorter sentences and more lucid language, hoping to make this book more readable. About the Author Sigmund Freud (1856-1939) is one of the twentieth century s greatest minds and the founder of the psychoanalytic school of psychology. His many works include The Ego and the Id; An Outline of Psycho-Analysis; Inhibitions; Symptoms and Anxiety; New Introductory Lectures on Psycho-Analysis; Civilization and Its Discontent, and others.
