

Frozen Section Library: Head and Neck

By Qihui Jim Zhai, Ady Kendler

Springer-Verlag New York Inc., United States, 2011. Paperback. Book Condition: New. 2011. 196 x 124 mm. Language: English . Brand New Book. Intraoperative frozen section interpretation is the base for treatment for the patient within the operating room. It requires immediate answer for the surgeon s specific question and the subsequent consequences are frequently irreversible. The pathologist should be very familiar with the related differential diagnosis of the involved organ. Additionally, the pathologist needs to know many pitfalls and freezing artifacts in each organ and the clinical implications each diagnosis may result in. Frozen Section Library: Head and Neck will provide a convenient, user-friendly handbook to expedite use when performing intraoperative consultations on head and neck specimens. This book will be 5 X 8 and is estimated to be about 200 to 250 pages in toto with 100 to 150 color figures. An organ and clinical scenario based approach will be used in this book. This book will be divided into chapters based on the organs and anatomic locations. Within the chapter, a consistent format with the critical issues as a focus will be used including the frequently encountered clinical scenarios and the specific questions from the surgeons, frequent diagnostic...
