Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Explore the World most astonishing and mystifying forgotten conspiracy theories. Not only are these possible cover-ups and controversial conspiracy theories fascinating, they will surprise you. Find out for yourself where the truth lies. Everyone has that one theory they re absolutely convinced is true. Occasionally, we all stray from the generally accepted facts and - when we re eventually proved right - it s an incredibly satisfying feeling. While these theories typically revolve around the mundane aspects of our day to day lives, there is the occasional theory that goes a little deeper. When we move away from the ordinary and towards the powerful, the influential, and the important, these theories begin to take on an additional level of significance. When you suspect that more than one person is involved and is perhaps trying to hide the truth, you ve uncovered a conspiracy theory. In this book, we will examine some of the forgotten theories. We will look closely at those theories that run closer to the reality of modern life. These will include some of the most important events of the last...
