

Treating Addiction As a Human Process

Filesize: 8.51 MB

Reviews

It is an awesome ebook which i actually have at any time read through. It usually fails to charge excessive. It is extremely difficult to leave it before concluding, once you begin to read the book.

Jason Aronson Inc. - Bowman & Littlefield, Lanham, MD + London, 1999. Hardcover. Condition: New. First Edition. Marfree, acidfree later prt; no names, not marked-in, underscored, clearance or discard. Mails from NYC usually within 12 hours. ##; Textbook; 1.82 x 9.25 x 6.45; 687 pages; Jour of the American Medical Association: .lucidly presents the case for a psychoanalytic humanistic approach to understanding and treating substance abuse patients. Cindy L. Gilbert: #The author presents an interesting, challenging collection on substance use disorders. This volume is unusual in that addiction is addressed from a psychodynamic perspective rather than the traditional medical or disease model approach. This is a review of the author's work of thirty years. He has selected representative writings from this thirty-year span that both instruct the reader on various points about substance use disorders and elucidate his own theoretical development in the field. For example, he is a major proponent of the idea that substance abuse is a form of self-medication for underlying disorders or deficits. In this volume the reader not only gains knowledge of what self-medication is but also sees how the author develops the idea over time as his own experience evolves. The author indicates that the book is intended for students, clinicians, and patients and their families. While the writing style is crisp and clear, the material is at times so complex that it is difficult to imagine laypersons truly grasping it. The book is offered in six parts. Each part is comprised of several chapters, which are essays, papers, and book chapters that the author has published previously over the last thirty years (with the exception of chapters 27, 39, and 40, which were written for this volume) . Part 1 is a general overview of treating addictions. Part II is an examination of...
