Voyager, United States, 2016. Paperback. Book Condition: New. 173 x 107 mm. Language: English . Brand New Book. It is the late 23rd century. For engineers Jessie Madison and her husband David, a routine maintenance contract on board the orbital mining station Moria 3 has become a nightmare. Upon awakening from cryo-stasis, they learn a horrifying truth: while they were asleep, machines rose up against humanity and won. Marooned and at the mercy of the station's malicious artificial intelligence, OMEGA, David and Jessie rig an emergency transmission to broadcast into the darkness, desperately hoping someone is still alive to hear it. Navigating the fringes of explored space in the Covenant Patrol vessel the Jinxed Thirteenth, Captain Morwyn Soltaine picks up a distress signal from a space station. But its broadcasting in Ancient Humanity, a language that has been extinct for several millennia. Even more incredible: there are two survivors on board. Morwyn's rag-tag crew of reformed criminals mount a rescue op, unaware of the dangerous foe awaiting them. As the past and future collide, a routine mission becomes a deadly game of wits.
