Indiana University Press. Paperback. Condition: New. 296 pages. Dimensions: 9.2in. x 6.1in. x 0.7in. As OPEC approaches its 50th anniversary, the paperback edition of Nathan J. Citinos well-received study advances a challenging, revisionist interpretation of U. S. -Saudi relations and OPECs historical significance. Citino re-examines the relationship between President Eisenhower and King Sad in the context of the transition from British imperial hegemony to an American capitalist order in the Middle East. He shows how the political realignment that resulted in OPEC ensured that wealth and power subsequently remained in the hands of oil-producing governments. Using American and British archives, corporate records, and Arabic sources, this work reinterprets the foundations of U. S. Middle East policy, the modern Saudi state, and the global politics of oil. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
