He knows the harsh laws were created to protect the people. But when Bo s temper flares out of control and he s sentenced to three years of manual labor, he s not so down with the law anymore. Bo s forced to live and work in a factory in the Canadian tundra. The warden running the place is totally out of his mind, and cares little for his inmates safety. Bo will have to decide what s worse: a society that locks people up for road rage, or a prison where the wrong move could make you polar bear food.
