### **Reviews**

*A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest eBook I have read during my very own daily life and could be the best eBook for possibly.*

The greatest crisis confronting global capitalism today is the lack of leadership. Leaders are not just managers; they are sources of inspiration and guidance. Executive Wisdom dispels the myth that success is measured only in terms of net worth. Instead, Reynier Lezcano shows that true leaders achieve the most success with balanced action and human sensibility. This book reminds you that financial success and emotional fulfillment are not opposite goals. In fact, they complement each other. If you are ready to put aside all you ve been taught and conditioned to do in the world of career and business, then you are ready for Executive Wisdom.
