## LESS LOGIC, MORE WISDOM: SURVIVING THE SHIFT WITH YOUR SANITY INTACT

CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 300 pages. Dimensions: 9.0in. x 6.0in. x 0.8in. Has life become more intense for you recently? Have you ever felt that something is coming, but don't know what? Have you been on an emotional roller coaster? Do you feel as though you are going crazy? Have you been experiencing sights, sounds, feelings, thoughts or premonitions you've never had before? Welcome to The Shift. The Shift is not some silly new age concept. It's reality. The vibrational frequency of our planet is in the process of rising, quickly and intensely. This has forced us, as humans, to evolve out of our old vibrations by letting go of what no longer serves us - beliefs, programming, habits, relationships, jobs and so on. This is necessary in order for us to continue to resonate with our surroundings. It has also facilitated much growth and activated new gifts and abilities within many of us. Those who refuse to acknowledge this shift may be experiencing additional fear or struggle, as they unconsciously sense the change but have no logical explanation for their feelings. This is a guide through the experience of The Shift through divinely channeled messages, guided meditations and the ah-ha moments of the channeler herself. Allowing you to move through it the easy way. Experiencing more peace, bliss and power than ever before. There is also a raw audio version of this book only available directly through the author.
