

## Nova

By Samuel R. Delany

Vintage. Paperback. Book Condition: New. Paperback. 256 pages. Dimensions: 7.9in. x 4.9in. x 0.7in. Given that the suns of Draco stretch almost sixteen light years from end to end, it stands to reason that the cost of transportation is the most important factor of the 32nd century. And since Illyrion is the element most needed for space travel, Lorq von Ray is plenty willing to fly through the core of a recently imploded sun in order to obtain seven tons of it. The potential for profit is so great that Lorq has little difficulty cobbling together an alluring crew that includes a gypsy musician and a moon-obsessed scholar interested in the ancient art of writing a novel. What the crew doesn't know, though, is that Lorq's quest is actually fueled by a private revenge so consuming that he'll stop at nothing to achieve it. In the grandest manner of speculative fiction, *Nova* is a wise and witty classic that casts a fascinating new light on some of humanity's oldest truths and enduring myths. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.

### Reviews

*This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

**-- Ally Reichel**

*This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You won't feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).*

**-- Prof. Kirk Cruickshank DDS**
