Gottin Press, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Goddess Liberated offers a thought-provoking, patriarchy-smashing, no-holds-barred, modern feminist look at the state of our society and planet. Human-caused global warming is real and devastating. Extreme wealth inequality destabilizes and destroys hope. Greed, sexual exploitation, abuse, rape, and 21 million people in slavery in the 21st century . we are being demolished by patriarchy and the system they ve engineered. Yes, the mess is huge, our troubles are deep, for us humans the jig is almost up, but there really is hope. We just need a small critical number of us to begin making things right with each other and with our earth. The physics of the universe ensures the repairs will accelerate, just as the destruction has been accelerating. The good news is that the quantum universe provides the infrastructure and tools we need to turn things around. Ariadne Ross explains and teaches us about the three realms of consciousness: Physicality, Mentality, and Feelingality. When we use our intuition to engage with these realms, we harness our immense creative powers to fix things, and we create a far better reality, one we and our children will want to live in.
