Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.

MARGIN TRADING FROM A TO Z: A COMPLETE GUIDE TO BORROWING, INVESTING AND REGULATION (WILEY TRADING)

Wiley. Paperback. Condition: New. 224 pages. Dimensions: 8.9in. x 5.8in. x 0.5in. MARGIN TRADING FROM A TO Z Trading on margin may be considered a high-risk strategy, but purchasing securities in this manner is nothing more than purchasing securities on credit. And if properly performed, this investment approach can yield significant profits. While there's risk in any leveraged investment, with knowledge of the product, diversification, and constant monitoring, this risk can be greatly reduced. Certainly, there is nothing new in these concepts, and nobody is more familiar with them than author Michael Curley. With over fifty years of experience in the field of finance including fifteen years in the banking industry and fifteen years in the brokerage industry Curley knows what it takes to make it as a successful investor, and now, with Margin Trading from A to Z, he'll show you how. Margin Trading from A to Z offers a step-by-step explanation of the mechanics of the margin account. Filled with in-depth insights and expert advice, this book uses a hands-on approach to show how a Regulation T margin call is arrived at; how it may be answered; and what an account looks like once a call is issued and after the call is met. Throughout these pages, you'll quickly become familiar with the essential elements of margin trading and learn how to operate within this dynamic environment. Some of the issues covered by this detailed guide include: Initial and minimum maintenance requirements The intricacies of the Special Memorandum Account (SMA) Margin trading as it relates to short selling, bonds, and options The opportunities that a Portfolio Margining methodology presents And much more This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
