Primary Information. No binding. Condition: New. Fluxus founder George Maciunas (1931-1978) first published his poster *Diagram of Historical Development of Fluxus and Other 4 Dimensional, Aural, Optic, Olfactory, Epithelial and Tactile Art Forms* in the Swedish magazine *Kalejdoskop* (issue three) in 1979. This issue of the magazine consisted of three accounts of Fluxus, one being Maciunas historical diagram and the others being two essays by Mats B. (one in English and one in Swedish) on the posters sleeve summarizing the movement. Primary Informations new facsimile edition recreates all three as they originally appeared in 1979, housed in a printed card sleeve in a polybag. As the movements founder, figurehead and graphic designer, Maciunas was responsible for Fluxus strong graphic identity, which is evident here; one can also connect *Diagram of Historical Development* to Maciunas *Learning Machines*, which consisted of diagrams, maps and lists that prized non-linearity and correlative overlap between various historical fields of knowledge. One of several versions made by Maciunas, *Diagram of Historical Development* is a family tree for Fluxus, outlining the development of Fluxus while situating it within a wider cultural spectrum, sometimes to humorous effect. The timeline begins with Roman circuses, medieval fairs and Futurist theater, moving onto Dada, Surrealism and vaudeville before addressing contemporary genres like Land art and happenings and finally ending with *FLUXGAMES* in 1973. Maciunas diagram dedicates a great deal of space to Fluxus activities, detailing both well-known and obscure performances, publications and artists from 1961 through 1973. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Pamphlet.
