Product Description A troubled mans quest to uncover the secrets of his past leads to a chilling discovery. EDITORIAL REVIEW FROM: GOODREADS. COM CAPTIVATING! 4 STARS Tormented by guilt after the death of his fianc, John Timmons lives life in a fog, retreating to his mountain cabin after work. While out hiking, a reflection catches his eye and he spots a small object sitting on a log in a nearby river. After a torturous journey down a ravine, he retrieves the object. It is mostly unremarkable but is engraved with the strange phrase Project Daf Yasfhat. From this moment forward, Johns life and those around him are never the same. Patrick Skeltons The Device is a gripping tale that captivates readers with very subtle science fiction elements. Like all good directors or story tellers, it is what Skelton doesnt tell you in the narrative that keeps the reader guessing where it is all leading. Who is the mysterious man that appears throughout all of Johns life like a guardian angel What really happened to Johns biological parents What is the unnatural affliction to sound John has Most of all, what is the device EDITORIAL REVIEW FROM: THE CAFFEINATED DIVA BOOK REVIEWS AN AMAZING READ! 5 STARS The Device is the debut novel by author Patrick Skelton, a dystopianscience fiction novel that I just couldnt put down.
