## CHILDHOOD VICTIMIZATION: VIOLENCE, CRIME, AND ABUSE IN THE LIVES OF YOUNG PEOPLE (HARDBACK)

Oxford University Press Inc, United States, 2008. Hardback. Book Condition: New. 239 x 157 mm. Language: English . Brand New Book. Children are the most criminally victimized segment of the population, and a substantial number face multiple, serious poly-victimizations during a single year. Despite the fact that the priority emphasis in academic research and government policy has traditionally gone to studying juvenile delinquents, children actually appear before authorities more frequently as victims than as offenders. At the same time, the media and many advocates have failed to note the good news: rates of sexual abuse, child homicide, and many other forms of victimization declined dramatically after the mid-1990s, and some terribly feared forms of child victimization, like stereotypical stranger abduction, are remarkably uncommon. The considerable ignorance about the realities of child victimization can be chalked up to a field that is fragmented, understudied and subjected to political demagoguery. Developmental victimology, his term for this integrated perspective, looks at child victimization across childhood's span and yields fascinating insights about how to categorize juvenile victimizations, how to think about risk and impact, and how victimization patterns change over the course of development. The book also provides a valuable new model of society's response to child victimization - what Finkelhor calls the Juvenile Victim Justice System - and a fresh way of thinking about barriers that victims and their families encounter when seeking help. These models will be very useful to anyone seeking to improve the way we try to help child victims. Crimes against children still happen far too often, but by proposing a new...
