Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Biennial Report on the Mineral Production of Virginia, Vol. 6: During the Calendar Years, 1909 and 1910 Virginia is possessed of an abundance and variety of mineral materials. Many of these have been worked since early colonial days, especially the coal, iron ores, and brick clays. About 40 materials are now exploited, many of them on a large scale, which afford a basis of important commercial enterprises, and give to the State prominence in a varied and extensive mining industry. Most of the materials now produced can be developed still further with an increased production in future years. Some of these have been developed within recent years, and others still have not yet been exploited. This bulletin gives full information descriptive of the mining industry in Virginia during the calendar years 1909 and 1910, including a brief treatment of the distribution, occurrence, development, and production of the mineral materials of the State. It has been prepared with the hope that it will be of service to those now engaged in exploitation of our resources, or...
