Career Assurance Press,U.S., United States, 2010. Paperback. Condition: New. Language: English . Brand New Book. (This book) provides a fresh approach to understanding and interpreting the twelve Universal Laws that are the foundation for every major religion and spiritual teaching. Glet writes, In any creation, all the Universal Laws function simultaneously with or without our awareness. In order to understand Creation with awareness, the creative process was divided into these twelve different functions of the twelve Universal Laws. The thirteenth Law consists of the use of the twelve Universal Laws working simultaneously. Ms. Glet, a professional artist and spiritual teacher with twenty-five years of research, discovery, and application of these Universal Laws, clearly and succinctly demonstrates how we can further empower ourselves by applying these Laws to every aspect of our life-whether mapping out our life purpose, launching a successful career, creating works of art, or merely dealing with everyday challenges.This book should be a basic textbook for all formal programs of metaphysical study. It should also be considered a requisite for every serious student of art, philosophy, epistemology, theology, psychology, and related disciplines. Carol Adler, Author.
