No ship can traverse the void without them. Only linesmen can work with them. But only Ean Lambert hears their song. And everyone thinks he s crazy. Most slum kids never go far, certainly not becoming a level-ten linesman like Ean. Even if he s part of a small, and unethical, cartel, and the other linesmen disdain his self-taught methods, he s certified and working. Then a mysterious alien ship is discovered at the edges of the galaxy. Each of the major galactic powers is desperate to be the first to uncover the ship s secrets, but all they ve learned is that it has the familiar lines of energy--and a defense system that, once triggered, annihilates everything in a 200 kilometer radius. The vessel threatens any linesman who dares to approach it, except Ean. His unique talents may be the key to understanding this alarming new force--and reconfiguring the relationship between humans and the ships that serve them, forever.
