Createspace. Paperback. Condition: New. This item is printed on demand. 128 pages. Dimensions: 9.0in. x 6.0in. x 0.3in. This book is supposed to scare you! We shall even create new technologies that will make science fiction into science fact. You do want to make it to the future right I hope this book motivates you to be aware at the possibility of what's coming. The new digital renaissance that's coming soon. Very soon at hand. I mean we are going to be living in times of great prosperity and technological marvel, the 21st century will see 20000 years of progress due to the exponential nature of technology. Not sure Well I...
